Misc. Card To Modem Cable DCS Compact II & DCS816

It has come to our attention that there is an error in the Installation Manuals for the DCS Compact II & DCS 816.

The diagram showing connections for a Misc. card to Modem should be as follows. Please update your documentation immediately and ensure all relevant members of staff are made aware of this issue.

9 Pin D Type (Male)
MISC I/O

25 Pin D Type (Female)
MODEM

2	-----	3
3	-----	2
4	-----	6 & 20 (connect together)
5	-----	7
		4 & 5 (connect together)
