Subject : Cadence & 'Capture Digits' feature	Number of pages: 1

## **When the feature 'Capture Digits' is being used on a subscriber MB:**

- If a Mail Box has the 'Capture Digits' (option code 1471) feature set, and a caller to that MB is prompted to enter their telephone number and the caller includes their STD code ie: 01865 887 200 Cadence will route the caller to the 'Day General Delivery Mail Box' (000). Cadence will route the call on the leading digit '0'.
