Subject : SVM800 with Message Waiting SLT's

Number of pages: 1

Using Message Waiting SLT's with the SVM800 Voicemail on a Samsung Compact II System:

- It has been recognised that when using a Message Waiting SLT phone, on a Compact II (T6.16 software) with SVM 800 voicemail, when a subscriber leaves a voicemail message, the SVM 800 will not light the message waiting lamp
